- ## トリア職員紹介

A portrait of Dr. Yoonhee Cho, a woman with dark hair, smiling. She is wearing a dark jacket over a light-colored top. The background is a blurred outdoor scene with trees and a body of water.

Dr. Tetsuya Kikuchi is a smiling man with short dark hair, wearing a white lab coat over a black shirt. He is positioned in front of a light-colored background with a subtle floral pattern.

Dr. Y. Kikuchi

Dr. Yoko Kato is a Japanese researcher in the field of cognitive psychology. She has a PhD from the University of Tokyo and is currently an associate professor at the University of Tsukuba. Her research focuses on the relationship between language and cognition, particularly in the area of memory and attention. She has published several papers in the field and is a member of the Japanese Psychological Association.

Dr. Tetsuya Kato is a male with short black hair and glasses, wearing a black shirt. He is smiling slightly and looking directly at the camera against a plain, light-colored background.

Dr. Yoon is a board-certified plastic surgeon with over 20 years of experience. She is a member of the American Society of Plastic Surgeons and the American Board of Plastic Surgery. Dr. Yoon is a native of South Korea and completed her medical training at the University of California, San Francisco. She is a dedicated professional and a caring individual who is committed to providing the highest quality of care to her patients.

Dr. Yoko Kato is a Japanese researcher in the field of cognitive psychology. She has a Ph.D. from the University of Tokyo and has been working as an associate professor at the University of Tsukuba since 2003. Her research interests include the cognitive processes underlying the development of language and the role of the brain in language processing. She has published numerous papers in the field and has been involved in several international research projects.

Dr. Yoko Kato is a smiling woman with short dark hair, wearing an orange polo shirt under a grey jacket.
